Reasons for excisions:

The DVD is devoted to the explicit depiction of sexual activity. The third scene of the publication contains two peaks of activity that degrades, demeans and dehumanises the woman involved, and by extension all women, to a high degree. This activity shows a lack of concern for the woman's physical comfort and pleasure and normalises extreme sexual conduct that focuses on the woman enduring rather than enjoying the sexual activity. Two excisions are required to remove these sequences, thus preventing a classification of objectionable.
